FRAMEWORK

A galvanized steel frame and sturdy geodesic dome design create a strong yet simple structure. Thick steel footing elevates the frame for added protection and allows you to secure your dome to any surface. Need to increase your wind and snow loads or change the color of your powder-coated framework? Visit us online or talk to a Luna associate to learn more about frame upgrades and framework colors.

Standard Framework Thickness	32mm x 2mm
Framework Thickness Upgrade	42mm x 2.5mm
